

Be a HERO

HELP EVERYONE REVERSE OVERDOSES

Naloxone (brand name Narcan) is now available free of charge to anyone 14 years or older in New Jersey at participating pharmacies (No ID or prescription required).

Why is carrying naloxone important?

Since 2018, tens of thousands of New Jerseyans have experienced an overdose and more than 15,000 died of a suspected drug-related death.

Narcan immediately reverses an opioid overdose, dramatically increasing the chance for survival while ultimately improving the odds for future recovery.
