

IF YOU FEEL DIFFERENT, YOU DRIVE DIFFERENTLY

Driving while impaired refers to operating a motor vehicle while under the influence of any substance.

A national study at 7 trauma centers of 4,243 drivers who were seriously injured in crashes found that 54% of drivers tested positive for alcohol and/or drugs from September 2019 to July 2021.*

Impaired Driving includes drunk driving and drug-impaired driving, both legal and illegal substances.

In 2021, there was an increase of Monmouth County court convictions resulting in 852 convictions for the year; with referrals to the Intoxicated Drivers Resource Center for program completion. **

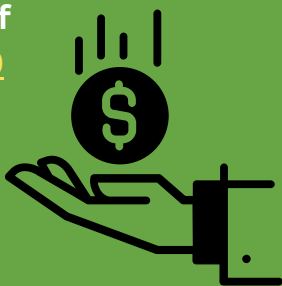

Average Estimated Cost of First-Time DUI is \$10,000

Cost Associated with a DUI

Driving Under the Influence

Including: Court Cost, Legal Fees, Education Programs, Counseling, License Reinstatement Fees, Towing Fees, Increased Auto Insurance Rates, Insurance Surcharge, and Loss of Work Income

HOW CAN WE PREVENT IMPAIRED DRIVING?

- Plan Ahead
- Ask about possible side effects of prescription medications related to driving
- Get a ride from someone you know or a credible ride service
- Don't let friends or family get behind the wheel if they are under the influence
